

Survey done by: _____ Date: _____

I. General Information:

(1) Name of Village: _____ (2) Name of Gram panchayat: _____

(3) Tehsil: _____ (4) District: _____ (5) State: _____

(6) Census village/Grampanchayat Number: _____

(7A) Name of contact persons / NGO/ Agency/ Individual: _____

Contact numbers: _____

Email: _____

(7B) Name of contact person / NGO/ Agency/ Individual: _____

Contact numbers: _____

Email: _____

II. Village Information :

(1) Population: _____ (2) No. of houses: _____

(3) Attach photographs of houses which shows overall appearance from outside & inside

(4) Languages used: _____ (5) Is the village inside reserved forest: Yes/No

(6) Distance from tehsil place: _____ (7) Nearest bus stand & distance: _____

(8) Nearest railway station: _____ (9) Nearest air port _____

(10) Is grid power available in the village: Yes/No (11) Is grid power available in the farms: Yes/No

(12) Remarks on 22/23: _____

(13) Water for domestic: Well / Bore-well / Hand-pump / River – lifting manually / River – pumped

(14) Water for agriculture: Well / Bore-well/River-pumped/Cannel-pumped

(15) Months of water scarcity: _____ (13) Farming: one time/two times/three times

(16) Crops, water requirement & revenue per year per acre: _____

(17) Other sources of income generation & average annual income generation: _____

(18) Average no. of cattle per house: _____ (17) No. of cattle in the village: _____

(19) Is there a dairy in the village: Yes/No (19) Is there a Gaushala in the village: Yes/No

(20) Whether any biogas plants/solar systems installed in the village: Biogas - Yes/No, Solar - Yes/No

(21) Any remarks on 18/19/20: _____

(22) Fuel used for cooking: Firewood / Coal / Dung cake / Kerosene / LPG / Other

(23) Average consumption of fuel & cost: _____

(24) What are types of trades in the village? No. of people involved, power requirement, economics:

(25) Name of school/college in the village: _____

(26) Name & activity of social groups formed by villagers: _____

(27) Name & activity of NGO working in the village: _____

(28) Number of beneficiaries and demand of power for list of equipment, quantity & approximate usage hours

	Light	Charging point/ No. Mobile Phones	TV	Fan	Mixer	Other (Motor/ computer)
Number of beneficiary						
Hours						

(29) Attach map of village showing scattering of houses, power usage points, directions, distances

(30) General observations: _____

Additional data

- (1) Why grid is not available?
- (2) Fuel consumption and cost
- (3) How many people are migrated and their income
- (4) Situation of nearest village
- (5) Social structure of village
- (6) Wild animals
- (7) Any person from village working with big organization/ Celebrity
- (8) Role of local politician
- (9) Culture / Festivals
- (10) Type of soil
- (11) Clear space available
- (12) Land owner's name, contact no, land ownership documents
- (13) Photographs of proposed site & approach road
- (14) Names & contact numbers of Civil & electrical contractor
- (15) Availability of labor and their rates
- (16) Latitude & longitude of village
- (17) Solar and wind data of nearest place
- (18) Communication facility
- (19) Detailed list of beneficiaries
